

BENCODY AGENCIES

THE IMPORT/ EXPORT EXPERTS

Bencody Agencies Australia Pty Ltd (Bencody Agencies) operates largely on a global scale where products for clients are produced from manufacturing operations in Europe, Asia, Middle East, the Sub-Continent, the Americas. Many are sourced from Australasia as well.

There is no limit to the range of products available to clients which cover household goods, foodstuffs, confectionery, building and plumbing materials.

Bencody's association with SPAR commenced 5 years ago concentrating on products for their 'Fabulous' private label brand. As the Fabulous brand continues to grow Bencody's commitment to SPAR is without question.

For the 2006 year, the company received recognition from SPAR at their annual Supplier Awards night for "Outstanding Sales in Private Label". This was followed by a similar recognition for the year 2007 - a direct result of the service the company has striven to provide from the beginning.

The opportunity to do business with 'good people' has been a blessing that has developed into mutual respect and business partnership for Bencody.
