

Keystone Foods LLC is a global manufacturer of food products and custom distributor to the food industry across the world. With facilities in North America, Europe, Middle East, Asia, Australia and New Zealand, Keystone Foods produces over 635 million kg's of poultry products and 158 million kg's of beef products annually. Our customer base for manufactured food products exceeds 24,500 restaurants worldwide, of which over 19,000 are McDonald's restaurants. As well as this, Keystone distribution centres provide distribution and logistics services to over 5,400 McDonald's restaurants worldwide.

Keystone's vision is based on honest and caring relationships with each customer. Over the years, Keystone's neighbourhood has expanded across the globe. Keystone Foods has become an international leader in processing and distribution to the food industry.

Keystone's operations in Australia and New Zealand consist of three separate business entities – McKey Distribution Australia, McKey Distribution New Zealand and Australian Food Corporation.

McKey Distribution are the principal distributor to McDonald's restaurants in Australia, providing integrated distribution and logistics services. Our 6 dedicated distribution centres are located in all major State Capitals, and service all 763 McDonald's restaurants nationwide. McKey Distribution acquired the McDonald's Australia distribution business in 2005 following the purchase of FJ Walker Foods. The business has an association with McDonald's Australia which spans over 30 years.

We deliver approximately 400,000 cartons to McDonald's restaurants each week, often covering over 150,000 km's in the process. Our longest delivery route is over 3,000 km'sone way! In addition to our operations within Australia, McKey Distribution also deliver to McDonald's restaurants on the Pacific Islands.

McKey Distribution are specialists in multi temperature distribution and cold chain management. With our team of dedicated people and our modern fleet of specialised delivery vehicles we are committed to providing McDonald's with outstanding service, every time.

McKey Distribution Head Office: 20 Bowmans Road, Kings Park, NSW, 2148.

McKey Distribution acquired the McDonald's New Zealand distribution business in January 2008.

Our dedicated distribution centre in Auckland services all 141 McDonald's restaurants across New Zealand. North Island deliveries are all carried out by road transport and South Island deliveries combine both road and sea transport. On top of our distribution network within New Zealand, McKey Distribution also deliver to McDonald's restaurants on the Pacific Islands.

McDonald's deliveries by McKey Distribution cover approximately 43,000 km's each week, and our longest single route covers a distance of 1460 km's each way over land and sea.

McKey Distribution New Zealand Ltd: Golden Arches Place, Wiri, Auckland.

Australian Food Corporation (AFC) operates a state of the art food processing facility in the Brisbane valley. The facility manufactures ground beef for the Australian and export markets. Our mission is to consistently supply high quality safe products and services to our customers in the most cost effective and reliable manner. Food safety is our number one priority and provision of safe products to our customers will always be of paramount importance.

AFC commenced supply of beef patties to McDonald's Australia in 1998, and began supply to overseas McDonald's markets two years later. In 2002, AFC's beef patty was recognised by McDonald's as their 'Global Target Product'. AFC has also been able to meet McDonald's 'Global Target' standard for the past 6 years.

The current equipment package at AFC's facility consists of 4 x Formax 26 units and 2 x Frigoscandia Flat Belt Freezers. AFC's total capacity is currently 25,000,000 kg's per annum, and production equates to approximately 480 tonnes of finished product per week.
